NEW! Dungeons and Dragons - Tabletop Roleplaying
Dungeons and Dragons is a fantasy tabletop roleplaying game in which the players take on the role of a unique character they have created. In a group setting your child will embark on legendary adventures in the fantasy setting of Dungeons and Dragons (D&D). These adventures will be laden with fun quests, daring risks and of course, fearsome dragons! Pulling your child away from the TV or video game, a Dungeon Master will guide through stories that they will largely create for themselves. Armed with pencil, paper, and dice your children will create a character for themselves and play as that character through adventures the likes of which have inspired many movies and TV shows such as Lord of The Rings and Stranger Things, as well as most video games. D&D teaches numerous things such as creativity, problem solving, cooperation, social skills, and most importantly, it is fun. Students will receive D&D materials including a set of gaming dice as part of the cost of the club.

Yoga Flow and Restore
The first half of this yoga class will be a deep flowing vinyasa style. Vinyasa is a style of yoga characterized by stringing postures together so that you move from one to another, seamlessly, using breath. The second half of the class you will spend time down on the mat in restorative poses, which will lead to opening the mind and body. Yoga Nidra (guided meditation) will be part of the final resting pose. The combination of asanas (poses), breath work, mindfulness, strength, and flexibility will leave you feeling revitalized and balanced. This is an all levels class, and different variations of poses will be offered in order to accommodate students of all levels.

WHICH WAY? for the GREENWAY
BOLIN CREEK engagement

The Town of Carrboro seeks feedback on alternative trail alignments for the Bolin Creek Greenway, which was adopted in 2009 pending a request for additional community engagement to consider alignments for two sections of trail. Greenways Incorporated, which prepared the Bolin Creek Greenway Conceptual Master Plan in 2009, stated that the goal of the preparing different trail route alignments for Phases 3 and 4 was to provide options to the public that were distinctly different from one another so that user needs and preference, origins and designations could be determined.

CREEKSIDE ALIGNMENT
The proposed design for the greenway, recommended in the Bolin Creek Greenway Conceptual Master Plan, is for about two miles of trail near Bolin Creek, which extends from Estes Drive to Homestead Road. This option was identified as the ‘preferred alignment’ in the plan and described as the most successful in terms of serving the largest number of neighborhoods along the corridor, offering the most options for accessing the trail.

BOLIN CONNECTOR
This route would tie into existing and proposed bicycle facilities to create a “Complete Streets” concept. Challenges of this alignment include concerns that many parents expressed during 2009 engagement that they desired an off-road facility for their children to safely bicycle on. Additionally, making cost effective trail connections from Estes Drive to Homestead Road presented engineering constraints.

UPLAND FOREST
This is a greenway alternative outside the floodplain that would direct users to Seawell School Road. This route utilizes existing trail corridors that vary in width from 18 inches to 15 feet. Some of the constraints of this alignment include steep topography, increased engineering costs, and potential ADA accessibility constraints.

SOMETHING ELSE?
If you have another idea for a trail alignment, share your idea in our survey or drop a pin in our Wikimap to show us your route!

**GENERAL WAIVER AND RELEASE**

- During activities where parents are a part of the supervision process, we ask that parents be responsible for their children before, during, and after any event or activity. This is due to the nature of public recreation programs and the heavy emphasis placed on the use of volunteers. We feel that it is important to communicate this to you since supervision must be the parent’s responsibility and cannot be reasonably imposed upon volunteers or employees working with the various programs. Please make certain that your child is adequately supervised at all times. In agreeing to take this responsibility as a parent we believe that your child’s participation in our youth recreation program will be a safe and rewarding experience.

- During activities where parents are not a part of the supervision process, we ask that parents be responsible for their child before and after any event or activity.

- Special requests (i.e. parking, team placement, scheduling, etc.) are not guaranteed.

- A valid proof of age may be required for participation in some Athletic programs.

- Photographs may be taken of Carrboro Recreation, Parks & Cultural Resources Department programs/participants and used for Town of Carrboro promotional purposes.
